STATEMENT ON FORWARD LOOKING INFORMATION

Certain information presented in this report contains “forward-looking statements” within the meaning of the federal securities laws including, but not limited to, the Private Securities Litigation Reform Act of 1995 (the “PSLRA”). Forward looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions and other information that is not historical information. In some cases, forward looking statements can be identified by terminology such as “believes,” “expects,” “estimates,” “may,” “will,” “should,” “anticipates” or “intends,” or the negative of such terms or other comparable terminology, or by discussions of strategy. We may also make additional forward looking statements from time to time. All such subsequent forward-looking statements, whether written or oral, by us or on our behalf, are also expressly qualified by these cautionary statements. All forward-looking statements, including without limitation, management’s examination of historical operating trends and estimates of future earnings, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith and we believe there is a reasonable basis for them, but there can be no assurance that management’s expectations, beliefs and projections will result or be achieved.

All forward looking statements apply only as of the date made. We undertake no obligation to publicly update or revise forward looking statements which may be made to reflect events or circumstances after the date made or to reflect the occurrence of unanticipated events.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this report. Any forward-looking statements should be considered in light of the risks referenced in “Item 1A. Risk Factors” included in our most recent registration statement on Form 10. Such factors include, but are not limited to:

- **general risks associated with the ownership and operation of real estate, including changes in demand, risks related to development of self storage facilities, potential liability for environmental contamination, natural disasters and adverse changes in tax, real estate and zoning laws and regulations;**
- **risks associated with downturns in the national and local economies in the markets in which we operate, including risks related to current economic conditions and the economic health of our customers;**
- **the impact of competition from new and existing self storage and commercial facilities and other storage alternatives;**
- **difficulties in our ability to successfully evaluate, finance, integrate into our existing operations, and manage acquired and developed facilities;**
- **risks related to our development of new facilities and/or participation in joint ventures;**
- **risks of ongoing litigation and other legal and regulatory actions, which may divert management’s time and attention, require us to pay damages and expenses or restrict the operation of our business;**
- **the impact of the regulatory environment as well as national, state, and local laws and regulations including, without limitation, those governing the environment, taxes and our tenant reinsurance business and real estate investment trusts (“REITs”), and risks related to the impact of new laws and regulations;**
- **risk of increased tax expense associated either with a possible failure by us to qualify as a REIT, or with challenges to intercompany transactions with our taxable REIT subsidiaries;**
- **changes in federal or state tax laws related to the taxation of REITs, which could impact our status as a REIT;**
- **security breaches or a failure of our networks, systems or technology could adversely impact our business, customer and employee relationships;**
- **difficulties in raising capital at a reasonable cost; and**
- **economic uncertainty due to the impact of terrorism or war.**

GLOBAL SELF STORAGE, INC.
NOTES TO FINANCIAL STATEMENTS (Unaudited)

1. ORGANIZATION

Global Self Storage, Inc. (the “Company”) is a self-administered and self-managed REIT, formed as a Maryland corporation and is focused on the ownership, operation, acquisition, development and redevelopment of self storage facilities (“stores”). The Company stores are located in the Northeast, Mid-Atlantic and Mid-West regions of the United States. The Company was formerly registered under the Investment Company Act of 1940, as amended (the “1940 Act”) as a non-diversified, closed end management investment company. The Securities and Exchange Commission’s (“SEC”) order approving the Company’s application to deregister from the 1940 Act was granted on January 19, 2016. Accordingly, effective January 19, 2016, the Company changed its name to Global Self Storage, Inc. from Self Storage Group, Inc., changed its SEC registration to a reporting company under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) (from an investment company under the 1940 Act), and listed its common stock on the Nasdaq Capital Market (“NASDAQ”) under the symbol “SELF”.

The Company has elected to be treated as a REIT under the Internal Revenue Code of 1986, as amended (the “IRC”). To the extent the Company continues to qualify as a REIT, it will not be subject to tax, with certain limited exceptions, on the taxable income that is distributed to its stockholders.

The Company invests in self storage facilities by acquiring stores through its wholly owned subsidiaries. At June 30, 2016, the Company owned and operated 7 stores. The Company operates primarily in one segment: rental operations.

2. BASIS OF PRESENTATION

Upon deregistration as an investment company, the Company's status changed to an operating company from an investment company since it no longer met the assessment of an investment company under ASC 946. The Company discontinued applying the guidance in ASC 946 and began to account for the change in status prospectively by accounting for its investments in accordance with other GAAP Topics as of the date of the change in status.

The Company financial statements for the period subsequent to the deregistration are prepared on a consolidated basis to include the financial position, results of operations, and cash flows of the Company and its wholly-owned subsidiaries, rather than by the investment company fair valuation approach. This change in status and the concomitant accounting policies affect the comparability of the financial statements for directly presenting corresponding items for 2016 and 2015. As such, for the six months ended June 30, 2016, the consolidated statements of operations and cash flows have been presented on the Predecessor Basis of accounting as an investment company from January 1, 2016 through January 18, 2016, and on the current basis of accounting as a REIT from January 19, 2016 through June 30, 2016. Similarly, separate statements of operations and cash flows are presented on the Predecessor Basis of accounting as an investment company for the periods ended June 30, 2015. The consolidated balance sheet at June 30, 2016 has been presented on the successor basis of accounting as a REIT and at June 30, 2015 the statement of assets and liabilities has been presented on the Predecessor Basis of accounting as an investment company.

The accompanying unaudited condensed consolidated financial statements of the Company are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information, and in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. All material intercompany balances and transactions have been eliminated in consolidation. Accordingly, they may not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (including normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the period ended June 30, 2016, are not necessarily indicative of results that may be expected for the year ending December 31, 2016. The statement of assets and liabilities as of December 31, 2015 has been derived from the Company’s audited financial statements as of that date, but does not include all of the information and footnotes required by GAAP for complete financial statements. For further information refer to the financial statements and footnotes thereto included in the Company’s Annual Report on Form N-CSR for the year ended December 31, 2015, as filed with the SEC.

Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses primarily consist of property tax accruals, unearned rental income, and trade payables.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments, and may include money market fund shares, purchased with an original maturity of three months or less. The carrying amount reported on the balance sheet for cash and cash equivalents approximates fair value.

Income Taxes

The Company has elected to be treated as a REIT under the IRC. In order to maintain its qualification as a REIT, among other things, the Company is required to distribute at least 90% of its REIT taxable income to its stockholders and meet certain tests regarding the nature of its income and assets. As a REIT, the Company is not subject to federal income tax with respect to that portion of its income which meets certain criteria and is distributed annually to stockholders. The Company plans to continue to operate so that it meets the requirements for taxation as a REIT. Many of these requirements, however, are highly technical and complex. If the Company were to fail to meet these requirements, it would be subject to federal income tax. The Company is subject to certain state and local taxes.

The Company recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. The Company has reviewed its tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on federal, state, and local income tax returns for open tax years (2013 – 2015), or is expected to be taken in the Company’s 2016 tax returns.

Investments in Securities

Investments in equity securities that have readily determinable fair values are accounted for as available-for-sale. Available-for-sale securities are measured at fair value. Gains or losses from changes in the fair value of available-for-sale securities are recorded in accumulated other comprehensive income, until the investment is sold or otherwise disposed of, or until the investment is determined to be other-than-temporarily impaired, at which time the cumulative gain or loss previously reported in equity is included in income. The specific identification method is used to determine the realized gain or loss on investments sold or otherwise disposed.

Fair value is determined using a valuation hierarchy generally by reference to an active trading market, using quoted closing or bid prices. Judgment is used to ascertain if a formerly active market has become inactive and in determining fair values when markets have become inactive.

The Company periodically evaluates the carrying value of investments in securities for impairment. The Company considers, among other factors, the duration and extent of any decline in fair value, the intent and ability of the Company to hold the security for a period of time sufficient for a recovery in value, and recent events specific to the issuer or industry. If the decline in value is determined to be other-than-temporary, the carrying value of the security is written down to fair value through the income statement.

Real Estate Assets

Real estate assets are carried at the appreciated value as of January 19, 2016, the effective date of the change in status. Purchases subsequent to the effective date of the change in status are carried at cost, less accumulated depreciation. Direct and allowable internal costs associated with the development, construction, renovation, and improvement of real estate assets are capitalized. Property taxes, and other costs associated with development incurred during the construction period are capitalized. The construction period begins when expenditures for the real estate assets have been made and activities that are necessary to prepare the asset for its intended use are in progress. The construction period ends when the asset is substantially complete and ready for its intended use.

Expenditures for maintenance and repairs are charged to expense as incurred. Major replacements and betterments that improve or extend the life of the asset are capitalized and depreciated over their estimated useful lives. Depreciation is computed using the straight-line method over the estimated useful lives of the buildings and improvements, which are generally between 5 and 39 years.

Revenue and Expense Recognition

Revenues from stores, which are primarily composed of rental income earned pursuant to month-to-month leases for storage space, as well as associated late charges and administrative fees, are recognized as earned. Promotional discounts reduce rental income over the promotional period, which is generally one month. Ancillary revenues from sales of merchandise and tenant insurance and other income are recognized when earned.

The Company accrues for property tax expense based upon actual amounts billed and, in some circumstances, estimates and historical trends when bills or assessments have not been received from the taxing authorities or such bills and assessments are in dispute. If these estimates are incorrect, the timing and amount of expense recognition could be incorrect. Cost of operations and general and administrative expense are expensed as incurred.

Credit Risk

Financial assets that are exposed to credit risk consist primarily of cash and cash equivalents and certain portions of accounts receivable including rents receivable from our tenants. Cash and cash equivalents are on deposit with highly rated commercial banks.

Evaluation of Asset Impairment

The Company evaluates its real estate assets for impairment each quarter. If there are indicators of impairment and we determine that the asset is not recoverable from future undiscounted cash flows to be received through the asset's remaining life (or, if earlier, the expected disposal date), we record an impairment charge to the extent the carrying amount exceeds the asset's estimated fair value or net proceeds from expected disposal.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from management's estimates.

Recently Issued Accounting Standards

In March 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-09, Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting, which is intended to simplify various aspects related to how share-based payments are accounted for and presented in the financial statements. The new guidance allows for entities to make an entity-wide accounting policy election to either estimate the number of awards that are expected to vest or account for forfeitures when they occur. In addition, the guidance allows employers to withhold shares to satisfy minimum statutory tax withholding requirements up to the employees' maximum individual tax rate without causing the award to be classified as a liability. The guidance also stipulates that cash paid by an employer to a taxing authority when directly withholding shares for tax-withholding purposes should be classified as a financing activity on the statement of cash flows. The standard is effective on January 1, 2017, however early adoption is permitted. The Company is in the process of evaluating the impact of this new guidance.

In February 2016, the FASB issued ASU No. 2016-02 - Leases (Topic 842), which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either financing or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The standard is effective on January 1, 2019, however early adoption is permitted. The Company is in the process of evaluating the impact of this new guidance.

In September 2015, the FASB issued ASU No. 2015-16, Simplifying the Accounting for Measurement-Period Adjustments, which amends the current business combination guidance to require that an acquirer recognize adjustments to provisional amounts that are identified during the measurement period in the reporting period in which the adjustment amounts are determined, as opposed to having to revise prior period information. The standard also requires additional disclosure about the impact on current-period income statement line items of adjustments that would have been recognized in prior periods if prior period information had been revised. The new standard became effective for the Company on January 1, 2016. The adoption of this guidance did not have a material impact on the Company's consolidated financial position or results of operations as there have been no measurement-period adjustments recorded.

In April 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, an update to the accounting standard relating to the presentation of debt issuance costs. Under the new guidance, debt issuance costs related to a recognized debt liability will be presented on the balance sheet as a direct deduction from the debt liability. In the event that there is not an associated debt liability recorded in the consolidated financial statements, the debt issuance costs will continue to be recorded on the consolidated balance sheet as an asset until the debt liability is recorded. The new standard became effective for the Company on January 1, 2016. The adoption of this guidance did not have a material impact on the Company's consolidated financial position or results of operations as the update only related to changes in financial statement presentation.

In February 2015, the FASB issued ASU No. 2015-02, Consolidation – Amendments to the Consolidation Analysis, which amends the current consolidation guidance affecting both the variable interest entity (“VIE”) and voting interest entity (“VOE”) consolidation models. The standard does not add or remove any of the characteristics in determining if an entity is a VIE or VOE, but rather enhances the way the Company assesses some of these characteristics. The new standard became effective for the Company on January 1, 2016. As discussed under *Basis of Presentation* above, the adoption of this guidance did not have a material impact on the Company's consolidated financial position or results of operations as none of its existing consolidation conclusions were changed.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance under GAAP when it becomes effective. The new standard will be effective for the Company beginning on January 1, 2018, however early application beginning on January 1, 2017 is permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company has not yet selected a transition method nor has it determined the effect of the standard on its financial statements and related disclosures.

The Company adopted ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires the Company to reclassify debt financing costs, net of amortization on the Company's consolidated balance sheets, and present them as a direct deduction from the carrying amount of the related debt liability.

3. CHANGE IN STATUS

Prior to the January 19, 2016 change in status as a registered investment company, the Company recorded its investment in the self storage facilities at fair value and recorded the changes in the fair value as an unrealized gain or loss. Upon the effective date of the deregistration of the Company as a registered investment company, the fair value accounting as a registered investment company was no longer applicable to the Company, rather the Company began presenting on a consolidated basis, the underlying assets and liabilities of the self storage facilities. The Company's initial carrying value of the net assets of the self storage facilities is the fair value on the effective date of the change in status determined as follows:

Fair value of self storage properties on the effective date of the change in status			\$ 34,624,573
Total net assets of the combined self storage properties			
Property plant and equipment - self storage	\$ 26,388,167

Construction in progress consists of the expansion project in Bolingbrook, IL which, when completed, will add approximately 44,260 leasable square feet of climate-controlled and traditional storage units, for an aggregate cost of approximately \$2,400,000. As of June 30, 2016, development costs for this project totaled \$1,286,194. These costs have been capitalized while the project is under development and are reflected in Self storage facilities, net on the Company's consolidated balance sheet.

6. FAIR VALUE MEASUREMENTS

GAAP establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration. Level 3 inputs are unobservable inputs based on our own assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

The following table provides the assets and liabilities carried at fair value measured on a recurring basis as of June 30, 2016 and December 31, 2015:

June 30, 2016	Level 1	Level 2	Level 3	Total
Assets				
Investment in securities	\$ 4,347,513	\$ —	\$ —	\$ 4,347,513

There were no assets transferred from level 1 to level 2 as of June 30, 2016 or December 31, 2015. The Company did not have any assets or liabilities that are re-measured on a recurring basis using significant unobservable inputs as of June 30, 2016 or December 31, 2015.

7. NOTE PAYABLE

On June 24, 2016, certain wholly owned subsidiaries (the “Subsidiaries”) of the Company entered into a loan agreement (the “Loan Agreement”) borrowing the principal amount of \$20 million pursuant to a promissory note (the “Promissory Note”). The Promissory Note bears an interest rate equal to 4.192% per annum and is due to mature on July 1, 2036. Pursuant to a security agreement (the “Security Agreement”), the obligations under the Loan Agreement are secured by certain real estate assets owned by the Subsidiaries.

The Company entered into a non-recourse guaranty on June 24, 2016 (the “Guaranty,” and together with the Loan Agreement, the Promissory Note and the Security Agreement, the “Loan Documents”) to guarantee the payment to Lender of certain obligations of the Subsidiaries under the Loan Agreement.

The Loan Documents require the Subsidiaries and the Company to comply with certain covenants, including, among others, a minimum net worth test and other customary covenants. The Lender may accelerate amounts outstanding under the Loan Documents upon the occurrence of an Event of Default (as defined in the Loan Agreement) including, but not limited to, the failure to pay amounts due or commencement of bankruptcy proceedings.

The Company incurred loan procurement costs of \$732,551 and such costs have been recorded net of the note payable on the consolidated balance sheet and are amortized as an adjustment to interest expense over the term of the loan.

As of June 30, 2016, the Company’s note payable is summarized as follows:

<u>Note Payable</u>	<u>Carrying Value</u>
Principal balance outstanding	\$ 20,000,000

Total note payable, net	<u>\$ 19,267,449</u>

As of June 30, 2016, the note payable was secured by certain of its self storage facilities with an aggregate net book value of approximately \$ 35 million. The note payable pays interest only from August 1, 2016 through June 30, 2018. The following table represents the future principal payment requirements on the note payable as of June 30, 2016:

10. RELATED PARTY TRANSACTIONS

Certain officers and directors of the Company also serve as officers and directors of Winmill & Co. Incorporated ("Winco"), Bexil Corporation, Tuxis Corporation ("Tuxis"), and their affiliates (collectively with the Company, the "Affiliates"). As of June 30, 2016, certain of the Affiliates owned approximately 2% of the Company's outstanding common stock. Pursuant to an arrangement between a professional employer organization ("PEO") and the Affiliates, the PEO provides payroll, benefits, compliance, and related services for employees of the Affiliates in accordance with applicable rules and regulations under the IRC and, in connection therewith, Midas Management Corporation ("MMC"), a subsidiary of Winco, acts as a conduit payer of compensation and benefits to the Affiliates' employees including those who are concurrently employed by the Company and its Affiliates. Rent expense of

concurrently used office space and overhead expenses for various concurrently used administrative and support functions incurred by the Affiliates are allocated at cost among them. The Affiliates participate in a 401(k) retirement savings plan for substantially all qualified employees. A matching expense based upon a percentage of contributions to the plan by eligible employees is incurred and allocated among the Affiliates. The matching expense is accrued and funded on a current basis and may not exceed the amount permitted as a deductible expense under the IRC. The aggregate compensation and benefits accrued and paid by the Company for the three and six months ended June 30, 2016 was \$131,242 and \$261,315, respectively. The aggregate rent and overhead accrued and paid by the Company for the three and six months ended June 30, 2016 was \$15,583 and \$34,504, respectively. As of June 30, 2016, the Company had reimbursements payable to MMC and Winco for compensation and benefits and rent and overhead of \$2,767.

The Company provides a maximum monthly automobile allowance of \$1,000 per month to its President, Mark C. Winmill. To the extent that the monthly maximum payment under the Company's automobile lease exceeds the monthly allowance, Mr. Winmill must reimburse the Company for the excess amount. In this regard, Mr. Winmill has reimbursed the Company \$1,878 for the automobile payments paid and due in 2016.

The Company leases office space from Tuxis under a rental agreement. The terms of occupancy are month to month and automatically renew unless terminated by either party on ten days' written notice. The monthly rental charges are \$1,000 per month due and payable on the first day of each month. For the three and six months ended June 30, 2016, the total rent paid by the Company to Tuxis was \$3,000 and \$6,000 respectively.

To implement the Rights Plan, the Board of Directors declared a dividend distribution of one right for each outstanding share of Company common stock, par value \$.01 per share, to holders of record of the shares of common stock at the close of business on January 29, 2016. Each right entitles the registered holder to purchase from the Company one one-thousandth of a share of preferred stock, par value \$.01 per share. The rights were distributed as a non-taxable dividend and will expire on January 29, 2026. The rights were evidenced by the underlying Company common stock, and no separate preferred stock purchase rights certificates have been presently be distributed. The rights to acquire preferred stock are not immediately exercisable and will become exercisable only if a person or group, other than Exempt Persons (as defined in the Rights Plan agreement), acquires or commences a tender offer for 9.8% or more of the Company's common stock. If a person or group, other than an Exempt Person, acquires or commences a tender offer for 9.8% or more of the Company's common stock, each holder of a right, except the acquirer, will be entitled, subject to the Company's right to redeem or exchange the right, to exercise, at an exercise price of \$12, the right to purchase one one-thousandth of a share of the Company's newly created Series A Participating Preferred Stock, or the number of shares of Company common stock equal to the holder's number of rights multiplied by the exercise price and divided by 50% of the market price of the Company's common stock on the date of the occurrence of such an event. The Company's Board of Directors may terminate the Rights Plan at any time or redeem the rights, for \$0.01 per right, at any time before a person acquires 9.8% or more of the Company's common stock. This Rights Plan replaced the Plan dated November 25, 2015, which expired on its own terms on March 24, 2016.

Our discussion and analysis of our financial condition and results of operations are based on our unaudited condensed consolidated financial statements contained elsewhere in this report, which have been prepared in accordance with GAAP. Our notes to the unaudited condensed consolidated financial statements contained elsewhere in this report describe the significant accounting policies essential to our unaudited condensed consolidated financial statements. Preparation of our financial statements requires estimates, judgments and assumptions. We believe that the estimates, judgments and assumptions that we have used are appropriate and correct based on information available at the time they were made. These estimates, judgments and assumptions can affect our reported assets and liabilities as of the date of the financial statements, as well as the reported revenues and expenses during the period presented. If there are material differences between these estimates, judgments and assumptions and actual facts, our financial statements may be affected.

In many cases, the accounting treatment of a particular transaction is specifically dictated by GAAP and does not require our judgment in its application. There are areas in which our judgment in selecting among available alternatives would not produce a materially different result, but there are some areas in which our judgment in selecting among available alternatives would produce a materially different result. See the notes to the unaudited condensed consolidated financial statements that contain additional information regarding our accounting policies and other disclosures.

Management’s Discussion and Analysis Overview

The Company is a self-administered and self-managed REIT focused on the ownership, operation, acquisition, development and redevelopment of self storage facilities (“stores”). Our stores are designed to offer affordable, easily accessible and secure storage space for residential and commercial customers. The Company currently owns and operates seven stores located in New York, Pennsylvania, Illinois, Indiana, and South Carolina. As previously reported in our press release on January 19, 2016, on that day the Company changed its name to Global Self Storage, Inc. from Self Storage Group, Inc., changed its SEC registration from an investment company to an operating company, and uplisted to NASDAQ.

Our store operations generated most of our net income for all periods presented. Accordingly, a significant portion of management’s time is devoted to maximizing cash flows from our existing stores, as well as seeking additional investments in stores.

Most of our stores compete with other well-managed and well-located competitors and we are subject to general economic conditions, particularly those that affect the spending habits of consumers and moving trends. We believe that our centralized information networks, national telephone and online reservation system, the brand name “Global Self Storage,” and our economies of scale help enable us to meet such challenges effectively.

The Company expects to continue to earn a majority of its gross income from its store operations as its current store operations continue to develop and as it makes additional store acquisitions. Over time, the Company expects to divest its remaining portfolio of investment securities and use the proceeds to acquire and operate additional stores. The Company expects its income from investment securities to continue to decrease as it continues to divest its holdings of investment securities.

Financial Condition and Results of Operations

On June 24, 2016, certain wholly owned subsidiaries (“Secured Subsidiaries”) of the Company entered into a loan agreement and certain other related agreements (collectively, the “Loan Agreement”) between the Secured Subsidiaries and Insurance Strategy Funding IV, LLC (the “Lender”). Under the Loan Agreement, the Secured Subsidiaries are borrowing from Lender in the principal amount of \$20 million pursuant to a promissory note (the “Promissory Note”). The Promissory Note bears an interest rate equal to 4.192% per annum and is due to mature on July 1, 2036. Pursuant to a security agreement (the “Security Agreement”), the obligations under the Loan Agreement are secured by certain real estate assets owned by the Secured Subsidiaries. J.P. Morgan Investment Management, Inc. acted as Special Purpose Vehicle Agent of the Lender. The Company entered into a non-recourse guaranty on June 24, 2016 (the “Guaranty,” and together with the Loan Agreement, the Promissory Note and the Security Agreement, the “Loan Documents”) to guarantee the payment to Lender of certain obligations of the Secured Subsidiaries under the Loan Agreement. The Loan Documents require the Secured Subsidiaries and the Company to comply with certain covenants, including, among others, a minimum net worth test and other customary covenants. The Lender may accelerate amounts outstanding under the Loan Documents upon the occurrence of an Event of Default (as defined in the Loan Agreement) including, but not limited to, the failure to pay amounts due or commencement of bankruptcy proceedings. The Company and the Secured Subsidiaries paid customary fees and expenses in connection with their entry into the Loan Documents. There is no material relationship between the Company, its Secured Subsidiaries or its affiliates and the Lender, other than in respect of the Loan Documents. The foregoing description is qualified in its entirety by the full terms and conditions of the Loan Documents, filed as Exhibits 10.1, 10.2, 10.3 and 10.4 to the Current Report on Form 8-K filed on June 30, 2016. We intend to use the proceeds of such debt financing primarily in connection with future potential store acquisitions.

As of June 30, 2016, we had capital resources totaling \$25 million, well in excess of our current planned capital needs over the next year. Our capital resources include: (i) \$5.9 million of cash and marketable securities as of June 30, 2016, and (ii) \$20 million of net proceeds from the aforementioned loan agreement dated June 24, 2016. Capital resources derived from retained cash flow has been and is expected to be negligible. Retained operating cash flow represents our expected cash flow provided by operating activities, less shareholder distributions and capital expenditures to maintain real estate facilities.

We have been actively reviewing a number of property and portfolio acquisition candidates and have been working to further develop and expand our current properties. On May 9, 2016, one of our wholly owned subsidiaries entered into an agreement with the Indiana Seller to acquire the Indiana Property for the sum of \$7,700,000. Our obligation to close under the Purchase Agreement is expressly conditioned upon (i) the Indiana Property being satisfactory to us in all respects upon completion of our due diligence review and inspection of the Indiana Property and (ii) the occurrence or fulfillment of other conditions precedent to closing under the Indiana Purchase Agreement. If certain of the conditions precedent to closing under the Indiana Purchase Agreement are not satisfied, we, in addition to its other remedies set forth in the Indiana Purchase Agreement, will be entitled to (A) terminate the Indiana Purchase Agreement and the Indiana Purchase Agreement will be deemed null and void, (B) pursue specific performance of the Indiana Purchase Agreement and/or (C) pursue any other remedies at law or in equity.

Additionally, on June 27, 2016, the Company, through another of our wholly owned subsidiaries, entered into an agreement with the Ohio Seller to acquire a self storage facility located in Lima, Ohio the Ohio Property for the sum of \$5,300,000. The Company's obligation to close under the Ohio Agreement is expressly conditioned upon (i) the Ohio Property being satisfactory to the Company in all respects upon completion of the Company's due diligence review and inspection of the Ohio Property and (ii) the occurrence or fulfillment of other conditions precedent to closing under the Ohio Agreement. If certain of the conditions precedent to closing under the Ohio Agreement are not satisfied, the Company, in addition to its other remedies set forth in the Ohio Agreement, shall be entitled to (A) terminate the Ohio Agreement and the Ohio Agreement shall be deemed null and void, (B) pursue specific performance of the Ohio Agreement and/or (C) pursue any other remedies at law or in equity. There is no material relationship between the Company, its Subsidiary or its affiliates and the Ohio Seller, other than in respect of the Ohio Agreement.

For the three months ended June 30, 2016, the net loss was \$12,306 or less the \$(0.01) per share and for the period January 19, 2016 to June 30, 2016, net income was \$ 36,815 or less than \$0.01 per share.

Non-GAAP Measures

Funds from Operations (“FFO”) and FFO per share are non-GAAP measures defined by the National Association of Real Estate Investment Trusts (“NAREIT”) and are considered helpful measures of REIT performance by REITs and many REIT analysts. NAREIT defines FFO as a REIT’s net income, excluding gains or losses from sales of property, and adding back real estate depreciation and amortization. FFO and FFO per share are not a substitute for net income or earnings per share. FFO is not a substitute for GAAP net cash flow in evaluating our liquidity or ability to pay dividends, because it excludes financing activities presented on our statements of cash flows. In addition, other REITs may compute these measures differently, so comparisons among REITs may not be helpful. However, the Company believes that to further understand the performance of its self-storage properties, FFO should be considered along with the reported net income and cash flows in accordance with GAAP, as presented in the Company’s financial statements.

We believe net operating income or “NOI” is a meaningful measure of operating performance, because we utilize NOI in making decisions with respect to capital allocations, determining current property values, evaluating property performance and in comparing period-to-period and market-to-market property operating results. In addition, we believe the investment community utilizes NOI in determining operating performance and real estate values, and does not consider depreciation expense because it is based upon historical cost. NOI is defined as net property earnings before general and administrative expenses, interest, taxes, depreciation, and amortization.

NOI is not a substitute for net income, net operating cash flow, or other related GAAP financial measures, in evaluating our operating results.

The following tables present a reconciliation and computation of net income to FFO and earnings per share to FFO per share:

Same-Store Self Storage Operations

We grew our top-line results by increasing same-store revenues by 8.9% for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and by 7.6% for the six months ended June 30, 2016 versus the six months ended June 30, 2015. Same-store cost of operations increased by 7.8% for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and by 6.1% for the six months ended June 30, 2016 versus the six months ended June 30, 2015. Same-store net operating income increased by 9.7% for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and by 8.8% for the six months ended June 30, 2016 versus the six months ended June 30, 2015. This growth rate of net operating income was the result of an increase in year over year revenues at a rate higher than growth rate of operating expenses. General and administrative expense increased by 146.5% for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and by 4.9% for the period ended June 30, 2016 versus the six months ended June 30, 2015. The increase in the general and administrative expense during the most recent quarter can be primarily attributed to an increase in legal, accounting, compliance, Nasdaq listing fees, and investor relations and capital market consulting expenses. Going forward, although we expect some general and administrative expense reductions associated with our discontinued registration as an investment company, we expect to incur a number of new expenses related to, among other things, the Company’s new reporting and regulatory requirements.

Our results were driven by, among other things, our internet and digital marketing initiatives which helped our overall average occupancy approach and maintain the 90% mark. Also contributing to our strong results were our customer service efforts which were essential in building local brand loyalty resulting in powerful referral and word-of-mouth market demand for our storage units and services. Another significant contributing factor to our results was our revenue rate management program which helped increase our total annualized revenue per leased square foot by 6.6% for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and by 5.4% for the six months ended June 30, 2016 versus the six months ended June 30, 2015.

These results are summarized as follows:

Analysis of Same-Store Revenue

For the three months ended June 30, 2016, the 8.9% revenue increase was due primarily to a 6.7% increase in total annualized revenue per leased square foot, a 2.1% increase in net leased square footage and a 2.2% increase in same store average overall square foot occupancy. For the six months ended June 30, 2016, the 7.6% revenue increase was due primarily to a 5.4% increase in total annualized revenue per leased square foot, 2.1% increase in net leased square footage and a 2.2% increase in same store average overall square foot occupancy. The increase in total annualized revenue per leased square foot was due primarily to annual rent increases given to existing tenants, an increase in available climate-controlled leasable square feet compared to available leasable parking square feet, and, to a lesser extent, increased move-in rental rates and decreased move-in rent “specials” discounting. Same store average overall square foot occupancy for all of the Company’s facilities combined increased to 92.1% in the six months ended June 30, 2016 from 90.1% in the six months ended June 30, 2015, representing an increase of 2.2%.

We believe that high occupancies help maximize our rental income. We seek to maintain an average square foot occupancy level of about 90% by regularly adjusting the rental rates and promotions offered to attract new tenants as well as adjusting our marketing efforts on the internet in order to generate sufficient move-in volume to replace tenants that vacate. Demand fluctuates due to various local and regional factors, including the overall economy. Demand is higher in the summer months than in the winter months and, as a result, rental rates charged to new tenants are typically higher in the summer months than in the winter months.

We currently expect rental income growth, if any, in the remainder of 2016 to come from a combination of the following: (i) continued annual rent increases to tenants, (ii) higher rental rates charged to new tenants, (iii) lower promotional discounts and, to a lesser extent, and (iv) higher occupancies. Our future rental income growth will also be dependent upon many factors for each market that we operate in, including demand for self storage space, the level of competitor supply of self storage space and the average length of stay of our tenants. Increasing rental rates to existing tenants, generally on an annual basis is a key component of our revenue growth. We determine the level of rental increases based upon our expectations regarding the impact of existing tenant rate increases on incremental move-outs. We currently expect rent increases to existing tenants for the remainder of 2016 to be slightly less than the prior year.

We believe that the current trends in move-in, move-out, in place contractual rents and occupancy levels are consistent with our current expectation of continued revenue growth in the remainder of 2016. However, such trends, when viewed in the short-term, are volatile and not necessarily be predictive of our revenues going forward because they are subject to many short-term factors. Such factors include, among others, initial move-in rates, seasonal factors, the unit size and geographical mix of the specific tenants moving in or moving out, the length of stay of the tenants moving in or moving out, changes in our pricing strategies, and the degree and timing of rate increases previously passed to existing tenants.

Importantly, we continue to refine our ongoing revenue management program which includes regular internet data scraping of local competitors’ prices. We do this in order to maintain our competitive market price advantage for our various sized storage units at our stores. This program helps us maximize each store’s occupancies and our self storage revenue and net operating income. We believe that through our various marketing initiatives, we can continue to attract high quality, long term tenants who we expect will be storing with us for years. Currently, our average tenant duration of stay is a little under three years, up from about two years for the same period in 2015.

During 2015, upon completion of its new construction project SSG Sadsbury LLC added 219 climate-controlled storage units comprising 16,756 leasable square feet. Also during 2015, SSG Bolingbrook LLC eliminated 98 parking spaces (32,700 square feet) to accommodate its new buildings construction project which, when complete, will add some 306 climate-controlled and traditional storage units totaling approximately 44,260 leasable square feet to the facility. Approximately 42% of our total available units are climate-controlled, 54% are traditional and 4% are parking. The six months average annualized revenue per leased square foot was \$10.47 and \$9.93 for the periods ended June 30, 2016 and June 30, 2015, respectively.

Analysis of Same-Store Cost of Operations

Same-store cost of operations increased 7.8% or \$35,113 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 6.1% or \$56,732 for the six months ended June 30, 2016 versus the six months ended June 30, 2015. This increase in same-store cost of operations was due primarily to increased property tax expense, employment costs, repair and maintenance and marketing expense, which were partially offset by decreases in professional, utilities, administrative, and lien administration costs.

Property tax expense increased 1.0% or \$922 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 3.9% or \$10,882 in the six months ended June 30, 2016 as compared to the same period in 2015, due primarily to higher assessed values and tax rates, in particular for our Sadsburyville, PA store. We expect property tax expense growth of approximately the same amount in the remainder of 2016.

On-site property manager payroll expense increased 14.2% or \$16,309 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 9.8% or \$23,267 in the six months ended June 30, 2016 as compared to the same period in 2015. This increase was due primarily to wage increases and higher employee health plan expenses. We expect inflationary increases in compensation rates for existing employees and other increases in compensation costs as we add new properties as well as District and Regional Managers in the remainder of 2016.

Repairs and maintenance expense increased 27.4% or \$6,519 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 32.9% or \$15,589 in the six months ended June 30, 2016 as compared to the same period in 2015 due primarily to our ongoing LED light replacement program expenses in the 2016 period compared to the 2015 period. We anticipate continued focus on our LED light replacement program throughout 2016. At our stores fully converted to LED lighting, we have realized utilities expense savings year-over-year of approximately 40% due to lower kilowatt per hour usage.

Our utility expenses are comprised of electricity, oil, and gas costs, which vary by store and are dependent upon energy prices and usage levels. Changes in usage levels are driven primarily by weather and temperature. Also affecting our utilities expenses over time is our aforementioned ongoing LED light replacement program at all of our stores which has already resulted in lower electricity usage. Utility expense decreased 12.7% or \$3,714 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and decreased 20.1% or \$16,330 in the six months ended June 30, 2016 as compared to the same period in 2015 primarily due to 2016's milder winter in most of our stores' areas and the benefit of lower electricity usage due to our LED light replacement program. It is difficult to estimate future utility costs because weather, temperature, and energy prices are volatile and unpredictable. However, based upon current trends and expectations regarding commercial electricity rates, we currently expect inflationary increases in rates combined with lower usage resulting in net lower utility costs for the remainder of 2016.

Landscaping expenses, which include snow removal costs, increased 28.4% or \$3,267 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 8.0% or \$3,193 in the six months ended June 30, 2016 compared to the same period in 2015. Landscaping expense levels are dependent upon many factors such as weather conditions, which can impact landscaping needs including snow removal, inflation in material and labor costs, and random events. We currently expect inflationary increases in landscaping expense in the remainder of 2016, excluding snow removal expense, which is primarily weather dependent and unpredictable.

Marketing expense is comprised principally of internet advertising and the operating costs of our 24/7 kiosk and telephone call and reservation center. Marketing expense varies based upon demand, occupancy levels, and other factors. Internet advertising, in particular, can increase or decrease significantly in the short term in response to these factors. Marketing expense increased 48.0% or \$22,730 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 34.5% or \$30,938 in the six months ended June 30, 2016 as compared to the same period in 2015 primarily due to the increased internet advertising expenses and the one-time costs associated with the production and addition of size estimator and locations videos to our facilities' website, www.globalselfstorage.us. Based upon current trends in move-ins, move-outs, and occupancies, we currently expect marketing expense to increase at a somewhat lesser rate during the remainder of 2016.

Other direct property costs include administrative expenses incurred at the stores, such as property insurance, business license costs, bank charges related to processing the stores' cash receipts, credit card fees, and the cost of operating each store's rental office including supplies and telephone data communication lines. These costs increased a negligible amount in the three months ended June 30, 2016 as compared to the same period in 2015, and increased a similar negligible amount in the six months ended June 30, 2016 as compared to the same period in 2015. The small increase in this six-month period was due primarily to higher credit card fees. Credit card fees increased due to a higher proportion of collections being received from credit cards, which is one of the results of our initiatives in building a higher quality overall tenant base. We currently expect moderate increases in other direct property costs in the remainder of 2016.

Analysis of General and Administrative Expenses

General and administrative expenses represent direct and allocated expenses for shared general corporate functions, which are allocated to store operations to the extent they are related to store operations. Such functions include data processing, human resources, legal, corporate and operational accounting and finance, marketing, and compensation of senior executives.

Three months ended June 30,	2016	2015	Variance	% Change
General and administrative	\$ 354,207	\$ 143,687	\$ 210,520	+146.5%
For the Period January 19, 2016 to June 30, 2016 compared to the Six months ended June 30, 2015				
	2016	2015	Variance	% Change
General and administrative	\$ 661,453	\$ 630,512	\$ 30,941	+4.9%

General and administrative expenses increased 146.5% or \$210,520 for the three months ended June 30, 2016 versus the three months ended June 30, 2015, and increased 4.9% or \$30,941 for the period January 19, 2016 to June 30, 2016 as compared to the six months ended June 30, 2015. Most of the significant increase in the general and administrative expense during the most recent quarter is attributable to an increase in legal, accounting, compliance, Nasdaq listing fees, and investor relations and capital market consulting expenses. During the three months ended June 30, 2015, general and administrative expenses were decreased by \$77,252 due to a

favorable reversal of an expense accrual. We experienced certain cost reductions due to our transition from an investment company to an operating company, such as costs associated with fund accounting, custodian, registration, and quarterly appraisals. Concomitantly, we experienced increased legal, accounting, regulatory compliance, and investor relations expenses. Going forward, although we expect some general and administrative expense reductions associated with our discontinued registration as an investment company, we expect to incur a number of new expenses related to, among other things, the Company's new reporting and regulatory requirements.

The Company incurred substantial fees and expenses associated with the Loan Documents, the majority of which were capitalized and we would consider non-recurring.

Analysis of Business Development and Property Acquisition Expenses

Business development and property acquisition expenses increased from \$0 during the three and six months ended June 30, 2015 to \$154,798 and \$159,033 during the three and six months ended June 30, 2016, respectively. These costs primarily consisted of legal and consulting costs in connection with business development activities and future potential store acquisitions. The majority of these expenses are non-recurring and fluctuate based on business development activity during the time period.

Analysis of Loan Interest and Amortization Expense

Loan interest expense payments relating to the aforementioned \$20 million loan increased from \$0 for the three and six months ended June 30, 2015 to \$16,302 for the three and six months ended June 30, 2016. Going forward the cash payments for this expense will be \$69,867 per month until June 2018 at which point the monthly interest and amortization payment due will increase to \$107,699 where it will remain payable every month until June 2036.

Analysis of Global Self Storage Property Operations

In addition to actively reviewing a number of store and portfolio acquisition candidates, we have been working to further develop and expand our current stores. At our Sadsburyville, PA facility in 2015, we completed construction of a state-of-the-art, all climate-controlled two story storage building, adding 16,756 leasable square feet featuring a number of unique drive-up, climate-controlled units.

This expansion has been well received by the local market. As of June 30, 2016, approximately 12 months after construction was completed and lease-up commenced, 94% of the first floor and 72% of the entire building have been leased. As previously reported, we are moving forward with site work and construction of the expansion project in Bolingbrook, IL which, when completed, will add approximately 44,260 leasable square feet of climate-controlled and traditional storage units. The project features a final budget of \$2,400,000, which equates to an all-in projected cost of approximately \$53 per square foot and currently an anticipated completion date of September 2016. Next up for expansion review is the Merrillville, IN store.

Our stores in the Northeast, Mid-Atlantic and Mid-West are located in densely populated and high traffic areas near major roads and highways. All of our stores display prominent road signage and most feature LED marquee boards describing the store features and move-in rent specials. Our stores are generally located in areas with strict zoning laws and attentive planning boards which make it difficult for our competition to develop new facilities near ours. As we evaluate potential stores, we seek properties in areas with these high barriers to entry.

From a marketing perspective, we have developed the brand, "Global Self Storage," and now use it in all of our on-site signage, internet advertising and other marketing materials. During 2015, we launched our new re-designed stores' website www.GlobalSelfStorage.us, where prospective tenants can learn about the features of each store and view high resolution images and videos. The site also allows tenants to pay their rent online.

We continue to develop the Global Self Storage internet presence through advertising and search engine optimization. We solicit tenant reviews for posting to the "Testimonials" section of our website and encourage others to view these testimonials, as we frequently receive the top rating of 5 stars. We have found that our most reliable source of new tenants is through referrals of current tenants.

Attracting high quality, long-term tenants is the top priority for the Company, and we strongly believe in tenant quality over tenant quantity. In our marketing efforts, we have seen tremendous success in our referral marketing program, as nothing seems to be as productive as asking our satisfied tenants to recommend Global Self Storage to their family, friends, and colleagues. We also believe our store managers' attention to detail – maintaining security, cleanliness and attentive customer service – is essential to attracting high quality tenants.

Each of our stores features a rental and payment center kiosk available 24 hours a day, seven days a week, where prospective tenants can rent a unit and current tenants can pay their rent. All of our stores have on-site property managers who are committed to delivering the finest customer service. Our customer call center handles telephone inquiries from current and prospective tenants whenever our store managers are not available. They can respond to questions about our stores and storage features, and book reservations. Our top priorities are delivering convenience and high quality customer service to our tenants, as well as maintaining clean and secure stores at all times.

All of our tenant leases at all of our stores are “month-to-month” leases. We deliver at least 30 days’ written notice of any rental rate change. Lease rates at each store may be set monthly, semi-annually, annually, or at any time on a case-by-case basis as determined in the discretion of management. Tenants may be assessed late, administrative, and/or other fees. To date, none of the Company’s stores have experienced any material delinquencies.

Analysis of Realized and Unrealized Gains (Losses)

Realized gains for the three and six months ended June 30, 2016 were \$0 and \$0 compared to \$0 and \$900,368 for the three and six months ended June 30, 2015. As we continue to acquire and/or develop additional self storage properties, as part of the funding for such activities, we plan to liquidate our securities holdings, thereby realizing gains if applicable. Seller's failure to notify Buyer within such 10-day period shall be conclusively deemed to be Seller's notice to Buyer of Seller's decision not to cure the Title Defects, except such monetary liens.

(ii) If Seller notifies, or is deemed to have notified, Buyer of its intention not to cure all Title Defects, Buyer shall have ten (10) days thereafter to notify Seller of its decision whether to take such title as Seller may give or of terminating this Agreement, and in the latter event, the Deposit shall be promptly returned to Buyer and this Agreement shall terminate.

(d) If Seller agrees to cure any Title Defects and such Title Defects remain uncured at Closing, or if additional Title Defects created after the issuance of the Title Commitment exist at the time of Closing, then Buyer may, at Buyer's option: (i) take such title as Seller can give, with a credit against the Purchase Price in an amount necessary to cure or correct any Title Defects which constitute monetary liens in an ascertainable amount (as reasonably determined by Buyer); or (ii) elect to receive a return of the Deposit, whereupon this Agreement shall terminate.

(e) Subject to Paragraph 5(c)(i), Seller shall not allow the Property or any part thereof to be transferred or encumbered during the term of this Agreement.

At such time, Buyer shall have the right, in its discretion, to enter into a separate employment agreement with the Manager. If requested by Buyer, Seller agrees to cooperate with Buyer's efforts to retain the Manager (including, without limitation, delivering a jointly-signed letter to the Manager explaining this transaction and Buyer's willingness to hire him).

(d) Pursuant to Section 9(e), the Seller and Buyer acknowledge and agree that they shall settle any prorations that are not paid on the Closing Date by the Post-Closing Settlement Date (as defined herein).

Hard copies of all items referenced in this Paragraph 5(a) shall be sent by Seller to Buyer at the physical address referenced in Paragraph 15.

(iii) During the term of this Agreement, Seller will afford Buyer, its agents and representatives, upon reasonable prior notice and at reasonable times, with full access to the Property, for Buyer's inspection, testing and review. Without limiting the foregoing, Seller shall make available to Buyer at the Project all Leases (with all Lease guarantees, tenant correspondence and related materials). Buyer shall restore any portion of the Property disturbed by Buyer's testing activities on the Property to its condition as existed prior to such disturbance. Buyer shall provide Seller with a certificate of insurance evidencing liability insurance against property loss and personal injury in connection with such activities in an amount of not less than \$1,000,000 combined single limit and naming Seller as an additional insured. Buyer shall promptly notify Seller in the event the policy of insurance evidenced by the certificate of insurance is cancelled by the insurance company or notice of cancellation is given by the insurance company.

(b) The "Feasibility Study Termination Date" shall be that date which is forty-five (45) days after the Effective Date. On or before the Feasibility Study Termination Date, Buyer shall have the right to terminate this Agreement (for any reason or for no reason) by delivery of notice to Seller, and this Agreement shall be deemed terminated (and the Deposit shall be returned to Buyer) upon Buyer's delivery of such termination notice. If Buyer elects to proceed to Closing hereunder, Buyer shall provide Seller with notice of same ("Feasibility Study Clearance Letter") within two (2) business days after the Feasibility Study Termination Date. In the event that Buyer fails to timely provide a Feasibility Study Clearance Letter to Seller, this Agreement shall be deemed terminated (and the Deposit shall be promptly returned to Buyer) if, within five (5) business days after Buyer's receipt of notice from Seller referencing Buyer's failure to timely provide a Feasibility Study Clearance Letter, Buyer fails to provide a Feasibility Study Clearance Letter to Seller.

(c) During the term of this Agreement, Seller shall not, without Buyer's consent, enter into or extend:

(i) any Lease or other possessory arrangement regarding the Property (A) for a term (including any renewals) of more than one (1) year, (B) which calls for rental and other payments which are less than those currently payable for the space being rented, or (C) which grants the lessee any concessions which will not be fully performed by Seller prior to Closing; or

(ii) any service or other contract regarding the Property for a term which will extend past the Closing Date.

(d) During the term of this Agreement and extending beyond the Closing Date, Seller shall cooperate with Buyer's efforts to obtain permits and approvals respecting Buyer's Project signage. Without limiting the generality of the foregoing, Seller shall sign and submit applications for permits respecting Buyer's sign panels upon Buyer's request.

(e) Seller shall use commercially reasonable efforts to obtain from each tenant a signed estoppel certificate, in a form pre-approved by Buyer, on or before the Feasibility Study Termination Date; provided, however, Seller shall not be required to pursue an estoppel from any self-storage or student housing tenant.

(f) On or before the Feasibility Study Termination Date, Buyer shall provide written notice to Seller indicating which Contracts (if any) Buyer elects to assume at Closing.

6. Closing

Closing of the transaction contemplated herein (“Closing”) shall take place via remote Closing by escrow, on a date (the “Closing Date”) selected by Buyer which is not later than fifteen (15) days after the date of the Feasibility Study Clearance Letter.

7. Evidence and Condition of Title

(a) At Closing, Seller shall cause title to the Property (other than the Personalty) to be fee simple and: (i) good and marketable and free and clear of all tenancies, liens, encumbrances and title objections, other than the Leases; and (ii) insurable as such, at regular rates, by Title Company. Title to the Personalty shall be good and marketable and free and clear of all liens, security interests and other encumbrances.

(b) After the execution of this Agreement, Buyer shall apply for a commitment for title insurance from Title Company (the “Title Commitment”). Seller agrees to cooperate with Buyer and Title Company in connection therewith, including (without limitation) delivering to Buyer copies of any requested deeds, plans, surveys and title policies in Seller’s possession or control. Buyer shall have the right to deliver a notice to Seller of the existence of any requirements, conditions or exceptions noted in the Title Commitment or a current survey of the Project which are unsatisfactory to Buyer (such exceptions being called “Title Defects”), with which Buyer shall include a copy of the Title Commitment, copies of recorded exceptions specified therein and, at Buyer’s option, a current survey of the Project.

(c) (i) If Buyer notifies Seller of the existence of any Title Defects, Seller shall have ten (10) days from the date of such notice to notify Buyer whether Seller intends to cure such Title Defects, except that in all cases Seller must discharge at or prior to Closing all monetary liens affecting the Property. Seller’s failure to notify Buyer within such 10-day period shall be conclusively deemed to be Seller’s notice to Buyer of Seller’s decision not to cure the Title Defects, except such monetary liens.

(ii) If Seller notifies, or is deemed to have notified, Buyer of its intention not to cure all Title Defects, Buyer shall have ten (10) days thereafter to notify Seller of its decision whether to take such title as Seller may give or of terminating this Agreement, and in the latter event, the Deposit shall be promptly returned to Buyer and this Agreement shall terminate.

(d) If Seller agrees to cure any Title Defects and such Title Defects remain uncured at Closing, or if additional Title Defects created after the issuance of the Title Commitment exist at the time of Closing, then Buyer may, at Buyer’s option: (i) take such title as Seller can give, with a credit against the Purchase Price in an amount necessary to cure or correct any Title Defects which constitute monetary liens in an ascertainable amount (as reasonably determined by Buyer); or (ii) elect to receive a return of the Deposit, whereupon this Agreement shall terminate.

(e) Subject to Paragraph 5(c)(i), Seller shall not allow the Property or any part thereof to be transferred or encumbered during the term of this Agreement.

8. Delivery of Documents and Other Items: Employees

(a) At Closing, Seller shall deliver to Buyer:

(i) A general warranty deed (each, a “Deed”), each duly executed and acknowledged by Seller and in proper form for recording, with accompanying DTE-100 form and any other forms required by applicable governmental agencies (including, without limitation, the Allen County Auditor or Tax Map office), properly completed and signed by Seller.

(ii) A Bill of Sale to the Personalty duly executed by Seller.

(iii) A valid assignment of the Leases and all security deposits required to be held by Seller pursuant to the Leases, duly executed by West Robb and W&C and acknowledged, assigning to Buyer all of Seller’s interest in the Leases and such security deposits, together with the original executed Leases and an updated, true, correct and complete version of the Lease Schedule (the “Assignment of Leases”).

(iv) A credit to Buyer in the amount of all security deposits in connection with the Leases, including any required interest thereon, as of the Closing Date.

(v) An executed assignment to Buyer of all of the interest of Seller under the Contracts that are assignable, but only to the extent Buyer desires to assume any thereof, together with originals of such Contracts.

(vi) An executed general assignment of all governmental plans and approvals, utility rights, and the other intangible property rights respecting the ownership and operation of the Property.

(vii) Such documents, affidavits, disclosure forms and indemnities as Title Company or Buyer shall require, including (without limitation) (A) documents or affidavits in connection with seller gain withholdings required under applicable law and (B) a gap affidavit or any other indemnity requested by the Title Company to insure the period between the Closing Date and the date of Deed recordation.

(viii) Such other individual or organizational documents as Buyer or Title Company shall reasonably require to evidence Seller’s formation, existence and authority to consummate the sale of the Property and delivery of the Deed, the incumbency of officers and the like.

(ix) An executed version of the final closing statement prepared by the Title Company.

(x) A certificate in the form of Exhibit E, executed and acknowledged by Seller, in accordance with Section 1445 of the Internal Revenue Code, as amended.

(xi) A non-competition agreement signed by Strickland, W&C and West Robb, in a form acceptable to Buyer, in connection with Paragraph 23.

(xii) A termination, in recordable form satisfactory to Buyer, of that certain Lease between West Robb and W&C, dated August 8, 2007, and recorded in the Allen County Recorder's Office as Instrument No. 200708080012245, which termination shall (by its terms) be effective immediately after the transfer of Leases and security deposits under the Assignment of Leases.

(xiii) A license, in a form satisfactory to Buyer, signed by Strickland for the short-term occupation of the apartment as set forth under Section 22(b) (the "Strickland License").

(xiv) All keys, passcards and passcodes (for doors, security systems, management kiosks or otherwise) used in connection with the Property.

(b) At Closing, Buyer shall deliver to Seller the balance of the Purchase Price due, and Buyer's signed version of the Strickland License.

(c) Effective as of the Closing Date, Seller shall (i) cause the termination of all Project employees and (ii) pay all such employees all amounts due through the Closing Date (including accrued wages and benefits). At such time, Buyer shall have the right, in its discretion, to enter into a separate employment agreement with any such employees. If requested by Buyer, Seller agrees to cooperate with Buyer's efforts to retain certain employees identified by Buyer (including, without limitation, delivering a jointly-signed letter to any such employee explaining this transaction and Buyer's willingness to hire them).

9. Apportionment

The following items are to be computed and apportioned between Buyer and Seller as of the Closing Date on a per diem and on a 365 day year basis:

(a) Water and sewer rents.

(b) Seller shall pay all Property real estate taxes covering all periods through the Closing Date. Real estate taxes and assessments shall be prorated based on the current year. If Closing occurs on a date when the current year's tax millage is not fixed, and the current year's assessment is available, taxes will be estimated and prorated based upon such assessment, and the prior year's millage. If the current assessment or tax bill is not available, then taxes will be estimated and prorated based on the prior year's tax. However, any tax proration based on an estimate may, at the request of either party to the transaction, be subsequently readjusted upon receipt of the tax bill. Notwithstanding anything herein to the contrary, Seller shall pay, at Seller's sole expense (i) any applicable agricultural taxes (including, without limitation, rollback taxes) and (ii) all Property real estate taxes through the Closing Date.

(c) Any amounts payable under the Contracts to be assumed by Buyer; provided, that if Buyer receives a bill for any such amount after the Closing Date which bill covers a period prior to the Closing Date, Seller shall pay to Buyer that part of such amount properly allocable to the period prior to the Closing Date.

(d) The rents and charges due under all Leases, hot and cooled water charges, electricity and other utility charges and all other additional rent, sundry charges paid by lessees

under the Leases and other income to Seller, including income received or receivable by Seller for vending machines, to the extent collected by Seller prior to the Closing Date and which, as of the Closing Date, represent payments thereof to Seller which are applicable in whole or in part to a period of time subsequent to the Closing Date.

(e) All of the items referenced in Paragraph 9(d) which are due and payable prior to the Closing Date, but which have not been collected by Seller, shall be pro-rated as follows at settlement: Current rental income shall be pro-rated as of the Closing Date. Income received on the Closing Date shall be credited to Buyer. All prepaid rents shall be transferred to Buyer. All deposits shall be transferred to Buyer. All accounts not yet paid and delinquent 30 days or less shall be considered paid for pro-ration calculations. All accounts not yet paid and delinquent 31 days or more (“Past Due”) shall become the property of Buyer with no pro-ration. After the Closing Date Buyer shall use good faith efforts to collect Past Due rental payments and, after Buyer collects payment for Past Due accounts covering periods from and after Closing, Buyer shall remit to Seller collected Past Due rent dating to the term of Seller’s ownership.

(f) Payment of all utility company charges, for periods through the Closing Date (including, without limitation, electricity, water and sewer) shall be made by Seller. Adjustments for utilities respecting periods during which Closing occurs shall be based upon the next bill received and such adjustment shall occur after the Closing Date. Seller shall retain the right to the refund of all utility deposits. With respect to any utility adjustment, Seller shall obtain meter (or other measuring device) readings of the utility consumption as of the Closing Date and, wherever possible, Seller shall pay directly to the utility company the amount determined to be due as of the Closing Date.

This Paragraph 9 shall survive Closing.

10. Transfer Taxes And Other Costs.

The payment of all state, local and municipal transfer taxes, conveyance fees and documentary stamp charges arising from the sale of the Property shall be paid by Seller. The payment of all state, local and municipal transfer taxes and documentary stamp charges and other costs arising from, or in connection with, the Land Contract and/or the Land Contract Termination shall be paid by Seller. Each party shall pay its own legal fees. Buyer shall pay the cost of a base owner’s title policy. Seller shall pay the cost of any title endorsements necessitated by Title Defects or in connection with the Land Contract, and Buyer shall pay the cost of any additional title endorsements selected by Buyer. Buyer shall pay all survey update costs. Buyer shall pay the cost of recording the Deed from Seller to Buyer, and Buyer and Seller shall each pay one half of all applicable closing fees (including, without limitation, such fees imposed by the Title Company). Seller shall (a) pay all sales and use taxes, employer withholding taxes and all taxes respecting the Property or the Seller incurred or imposed in connection with any period on or prior to the Closing Date; and (b) indemnify, hold harmless and defend (using counsel selected by Buyer) Buyer against all claims, losses, costs, demands and liabilities in connection with the foregoing Paragraph 10(a). This Paragraph 10 shall survive Closing.

11. Title Company as Deposit Holder

(a) Title Company shall hold the Deposit in an interest-bearing account and shall disburse the Deposit in accordance with the terms of this Agreement. Upon such disbursement, Title Company shall be released and discharged from all obligations hereunder.

(b) Title Company, in its sole discretion, may at any time deposit the Deposit, with a court of competent jurisdiction selected by it and, in such event, Title Company shall be fully released and discharged from all obligations hereunder with respect to the Deposit. Alternatively, Title Company may hold the Deposit pending receipt of joint instructions from Seller and Buyer.

(c) The duties of Title Company hereunder are only as herein specifically provided and are purely ministerial in nature. Title Company shall incur no liability whatever, as long as Escrow Agent acts in good faith. Title Company may refuse to take any action respecting the Deposit or this Agreement, unless indemnified to its satisfaction by Buyer and/or Seller.

(d) Seller and Buyer agree to sign an escrow agreement if requested by the Title Company.

12. Insurance

Seller shall maintain in effect until the Closing Date insurance policies with respect to the Property for the full insurable value thereof. In the event of damage to the Property by fire or any other casualty, Seller shall promptly notify Buyer and this Agreement shall not be affected thereby, provided the cost of repairing such damage shall not exceed the sum of \$50,000.00, and provided all such costs are covered by such policies or Seller shall agree to pay any deficiency, to be specified in Seller's notice. If, however, damage caused by fire or other casualty insured under such policies shall exceed \$50,000.00, or if the damage is not fully covered by such policies and Seller does not agree to pay Buyer at Closing the cost of repairing the uncovered damage, Buyer shall have the right and option to cancel and terminate this Agreement by giving notice to Seller within fifteen (15) days after Buyer receives Seller's notification of such damage. Thereupon, Buyer shall be entitled to promptly receive back the Deposit, whereupon this Agreement shall be null and void. If, in the event of a casualty, this Agreement shall not be terminated as in this Paragraph 12 provided, Seller shall pay or assign to Buyer at Closing all monies received or receivable from the insurance companies which wrote such policies, all claims against such insurance companies as a result of the losses covered by such policies and any deficiency amount as described above in this Paragraph 12, less documented amounts previously expended by Seller for repair of the casualty damage.

13. Condemnation

In the event that all or part of the Property is taken by condemnation or eminent domain proceeding between the date of this Agreement and the Closing Date, Buyer may (a) cancel this Agreement, if the part of the Property so taken is material to the use or value of the Property, or (b) take title subject to such condemnation or taking and receive the proceeds thereof, and Seller shall assign all of Seller's rights to unpaid proceeds to Buyer at Closing. Buyer shall notify Seller of its election not more than fifteen (15) days after notice from Seller of the occurrence of the condemnation or taking and the extent thereof. If Buyer shall elect to cancel this Agreement pursuant to (a) above, then this Agreement shall be null and void and Buyer shall be entitled to receive back the Deposit, whereupon this Agreement shall be null and void.

14. Brokers

Seller and Buyer each represent and warrant to the other that it has neither engaged nor dealt with any broker or finder in connection with this Agreement, other than SVN Wilson Commercial Group, LLC ("Broker"). Seller and Buyer each agree to indemnify, save harmless and defend the other from and against all claims, losses, liabilities and expenses, including reasonable attorneys' fees, through any and all appeals, arising out of any claim made by any other broker, finder or other intermediary who claims to have been engaged by such party in connection with the transactions contemplated by this Agreement. Seller shall be responsible for paying the Broker a commission respecting the sale of the Property, and Seller further agrees to indemnify, save harmless and defend Buyer from and against all claims, losses, liabilities and expenses, including reasonable attorneys' fees through any and all appeals, arising out of any claim made by Broker in connection herewith. The provisions of this Paragraph 14 shall survive Closing or any prior termination of this Agreement.

16. Successors and Assigns

This Agreement shall inure to the benefit of and be binding upon the parties and their respective legal representatives, successors and assignees, as the case may be. Without need for Seller consent, Buyer shall have the right to assign all or any of its interest and rights under this Agreement to any entity controlled by, controlling or under common control with Buyer.

17. Binding Effect; Amendments

This Agreement contains the final and entire agreement between the parties with respect to the subject matter hereof. The parties shall not be bound by any terms, conditions, statements, warranties or representations, oral or written, not herein contained. This Agreement may not be changed orally but only by an instrument in writing and signed by the party against whom enforcement of any waiver, change, modification or discharge is sought.

18. Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Electronically transmitted copies of counterpart signature pages of this Agreement shall have the same force and effect as originals.

19. Litigation

In connection with any litigation arising out of this Agreement, the prevailing party shall be entitled to recover all costs incurred, including reasonable attorney's fees. The parties each waive trial by jury in any legal action between the parties arising out of this Agreement.

20. Governing Law; Time of the Essence

This Agreement shall be construed and interpreted in accordance with the laws of the State of Ohio. The parties agree that all time is of the essence.

21. Paragraph Headings

The paragraph headings in this Agreement are inserted for convenience of reference only and in no way define, describe or limit the scope or intent of this Agreement or any of the provisions hereof, and shall not constitute a part of this Agreement.

22. Post-Closing Cooperation

(a) After Closing, Seller shall sign and deliver to Buyer all documents and materials reasonably requested by Buyer. Seller shall promptly make payments to Buyer in the amount of all Project rental payments erroneously delivered to Seller and/or erroneously made payable to Seller after Closing.

(b) Buyer shall permit Strickland to remain in occupancy of her current apartment located on Parcel C rent-free for a maximum of 90 days following Closing. During the 45 days following Closing, Seller shall have the right to enter upon the Property and remove all Sports Park Equipment which is not included in this transaction; provided, however, Seller's removal of Sports Park Equipment shall not materially interfere with Buyer's use and operation of the Property and such removal shall be at Seller's sole risk, without cost or liability to Buyer or Buyer's affiliates.

This Paragraph 22 shall survive Closing.

23. Non-Competition

For a period of five (5) years following the Closing Date, the following parties shall not develop, purchase or invest in any self storage facility, mini storage facility or truck leasing operation within a five (5) mile radius of the Project: Strickland, and any other Seller-related entity, Seller's principals, Seller's affiliates or Seller's members (collectively, the "Seller Parties"). The Seller Parties acknowledge that the restrictions set forth in this Paragraph 23 are reasonable and necessary for the protection of Buyer's purchase of, and interest in, the Property. This Paragraph 23 shall survive Closing.

24. 1031 Exchange

Either party may effect a like-kind exchange under Section 1031 of the Internal Revenue Code of 1986, as amended (the "Code"). Accordingly, each party agrees that it will cooperate with the other to effect a tax-free exchange in accordance with the provisions of Section 1031 of the Code and the regulations promulgated with respect thereto, provided same shall not delay the Closing, unless agreed to by the other party in its sole discretion. The exchanging party shall be solely responsible for any additional fees, costs or expenses incurred in connection with the like-kind exchange contemplated by it pursuant to this Paragraph 24, and neither party shall be required to incur any debt, obligation or expense in accommodating the other hereunder. In no event shall either party's ability or inability to effect a like-kind exchange, as contemplated hereby, in any way delay the Closing or relieve the other from its obligations and liabilities under this Agreement. Each party hereby agrees to indemnify and hold harmless the other from any liability, losses or damages incurred by the other in connection with or arising out of the Section 1031 like-kind exchange of the exchanging party, including but not limited to any tax liability. This Paragraph 24 shall survive Closing.

25. Indivisible Economic Package

Notwithstanding anything herein to the contrary, Buyer has no obligation to purchase less than all of the Property, it being the express agreement and understanding of Buyer and Seller that, as a material inducement to Buyer to enter into this Agreement, Buyer has agreed to purchase, and Seller has agreed to sell, all of the Property, subject to and in accordance with the terms and conditions hereof. Accordingly, the parties acknowledge that this Agreement is intended to effect the transfer of title to all properties which, in the aggregate, constitute the Property, and notwithstanding any reference in this Agreement to any singular property, building or parcel or any other similar reference implying that this Agreement relates to only one property, this Agreement shall be construed to effect the transfer of title to all properties constituting the Property (so that, provisions relating to the delivery of the Deed, Bill of Sale, and so forth, shall be construed to require a separate deed for each such property rather than a single deed, as well as separate bills of sale and the like), and the representations and warranties provided by Seller shall be construed to be given by each individual Seller as to it and the property that it owns.

26. Confidentiality

Buyer, Seller and their respective representatives shall hold in confidence all data and information obtained with respect to the transaction contemplated by this Agreement (including the existence and terms of this Agreement), and shall not disclose the same to others, other than to counsel, accountants or agents or independent contractors associated with any such party. Notwithstanding anything herein to the contrary, Buyer representatives shall have the right to (a) disclose any data or information in connection with any judicially or administratively ordered proceeding, (b) disclose any data or information in connection with reporting requirements related to securities laws and (c) contact any officials representing The City of Lima (and any political subdivisions or departments thereof) and/or Allen County (and any political subdivisions or departments thereof) in connection with the Property or the transaction contemplated under this Agreement.

27. Effective Date

The Effective Date shall be the later of (a) the date that Seller executes this Agreement and provides proof of same to Buyer, or (b) the date that Buyer executes this Agreement and provides proof of same to Seller. The Effective Date shall be inserted in the preamble at the top of page one of this Agreement.
